Global Supplier Discovery & Verification Platform

## Supplier Evaluation Report

*Sample / Redacted Version*

This is a placeholder for the HEXU sample supplier evaluation report.

The full redacted sample is being prepared and will be published here.

**A completed HEXU evaluation report contains:**

1. Supplier identity and legitimacy verification
2. Production capability and capacity assessment
3. Quality system and certification review
4. On-site factory verification findings (photographic evidence)
5. Risk assessment: legitimacy, capacity, quality, continuity
6. Comparative shortlist and clear recommendation
